HODGSON HAPPY WITH GRADE 13 RESULTS

Eighty-five percent of all papers tried at the Haliburton Highlands Secondary School were passed this year. Twenty-three students of a total of twenty-eight who were eligible for diplomas will receive them.

Mr. J. Douglas Hodgson, Principal, stated, "We of the teaching staff are very pleased with the results that our Grade 13 students received this year. We are particularly pleased with the high percentage of passes. Our congratulations go to Linda Sibley whose overall average on nine

papers was 82 per cent, making her a Scholar of Ontario. Also M. Elizabeth McKay and Elizabeth A. Murray, on the basis of university entrance requirements of seven credits, have First Class Honours. We at School are also grateful to those students and parents who had confidence in the School and supported it at other times, which made it possible for us to retain a fine teaching staff, and produce results such as we have this year.

In keeping with school policy of not publishing individual student's results, interested citizens

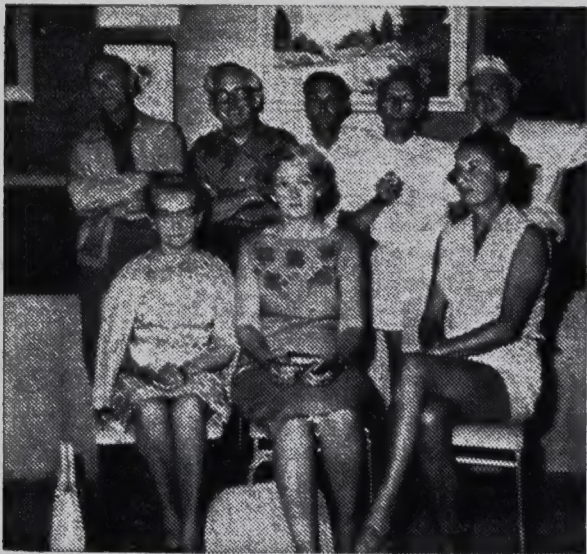

will be able to attend the Commencement scheduled for Saturday, October 20th and publicly commend the twenty-three students who will receive Ontario Secondary School Honour Graduation diplomas."

Minden has a mysterious manifestation. Waking up last Wednesday morning residents in the areas of the Minden Progress, B.A. Service station and along the river road below Elwood Cox's were faced with a mystery. To the time of publication no explanation has been arrived at.

* * * *

Before we examine the "Minden Mystery" any further let's look in on a little Dutch town, Scheveningen, the time is January 9th, 1913 and by a strange coincidence the manifestation took place on a Tuesday night as well.

Here's what the residents saw when they awakened on that Wednesday morning. The Village baker noticed the tracks coming up the street to in front of his shop — they stopped — the baker then noticed the tracks had gone up over his roof, down the far side and across his garden. He examined the tracks — they were made by a two footed animal — the clover hoof marks were about the size of a small cows.

Other communities by now were noticing these tracks. During the night something had crossed the countryside leaving a single line of tracks. This mysterious trail extended for over 100 miles and the trip had been made in less than five hours. The trail went on mile after mile in a straight line. The thing had crossed large areas of cold water, had gone under low bushes without knocking the snow from them. The tracks leaped from ground to rooftop and walked along walls and fences.

This type of track had never appeared in Holland and before nor have they appeared since. No satisfaction explanation has ever been arrived at.

* * * *

Now, let us look at Minden. The residents of the above mentioned area noticed a dragging mark across their lawns, through the fields and under the corners of buildings. There were no other marks in conjunction with the track. The track itself appeared to be a sort of furrow — just a little narrower than a bicycle tire. Where it crossed the crushed driveway of the B.A. Station the stones were pushed to one side down to the hard pan below — where it crossed the Progress lawns, the track was strong, yet it did not pull out one blade of grass or small flowers that were in its path. This was in direct contradiction of the weight it carried over the cement walk and driveways. The track under the corner of buildings so close to the ground that it is hard to believe anything could be dragging it.

After circling the B.A. parking lot it came back across the Progress driveway and then headed across the fields to in front of Elwood Cox's house. From here the tracks went up and down the street then suddenly ended — no trace of which way they went — they just disappeared.

* * * *

To date there has been no explanation. Do you have any ideas — or are we faced with the same inexplicable action that visited the little Dutch fishing village back in 1913. If you saw the tracks — let's know what you think.

See you next week.

SITTING ON A SPARK

There is an old saying, which goes something like this, "You will have to light a fire under him, to get him to move". Man! — I must be a real slow one, for I had a fire under me Saturday night, and didn't know about it, or do anything about it for at least two hours.

I was sitting on a spark alright — my car was parked on the main street about 11 p.m., when I assume someone threw a cigarette butt in, through the open window. It was shortly after this happened, that I came out and drove my car away.

Now, I thought I could smell smoke, but as you know, then again maybe you don't, I quit smoking about three weeks ago. I find myself like the fellow on television, who is always seeing a girl in a red cap — well I have the habit now of always smelling that pure aroma of nicotine, so as I took a whiff of the air in my car, I put the idea out of my mind that I could smell smoke — they say it is the only way to kick the habit.

It was about 1:30 a.m. when OPP Constable Hicks, a new member on the Police force here, rapped on my door to tell me my car was on fire. Now this is when I jumped a little. On investigating the fire to see whether or not we needed the fire department or just a bucket brigade — we discovered that if we worked fast, a few buckets of water would solve the problem.

Now all I need is a new front seat, for the old one looks like it was over in Viet Nam. Now this story might have been brought about by a careless smoker driving by, who through his cigarette out the window without looking, and then again it might have been dropped in by some young fellow looking for a thrill. This last possibility I would like to discard as not being likely, but it has been reported to me that my incident is the third of such happenings this summer.

However, I am still believing this was an accident — but one which could have easily been avoided. It is these careless people, with their cigarettes that burn many thousands and thousands of dollars worth of timber each year, just with the flick of a cigarette butt.

There are cigarette ash trays in every car, so there is no excuse for such ignorance as destroying other people's property — whether it be a million dollars worth of timber, or just a reporters jalopy.

LETTER TO THE EDITOR

Dear Sir:

The Haliburton Highlands Property Owners Council is an organization which works year round for the benefit of their adopted "home away from home". This means for the community as a whole, not just the cottagers.

Organized in 1961 it includes representatives from 21 cottage associations, and speaks for over 5000 cottagers. It is their wish to put the knowledge and experience possessed by many of our professional members at the disposal of local administrations in a true spirit of co-operation for the betterment of all. This means the community as a whole, not just the cottagers. In this way we feel that we can help to improve present conditions and avoid possible future problems.

The Annual General Meeting of the Haliburton Highlands Property Owners Council will be held August 20th, commencing at 10 a.m., at the Red Umbrella Inn, on highway 35, six miles north of Minden. The guest speaker, Edwin Curtin, is President of the Lake Ontario Development Association, Peterborough.

There will be a lot of valuable information available on the future development of the Haliburton Highlands area, as well as discussions on water pollution, sanitation, water resources and conservation of wild life. These are problems which are vitally important to all residents, permanent and part-time. This is a great opportunity for all of us to get better acquainted as tax-payers. The \$2.00 registration fee includes lunch and hospitality hour. We hope we'll see you there.

Yvette Rathwell.

LITTLE FELLOW HAS BIG MUSCLES

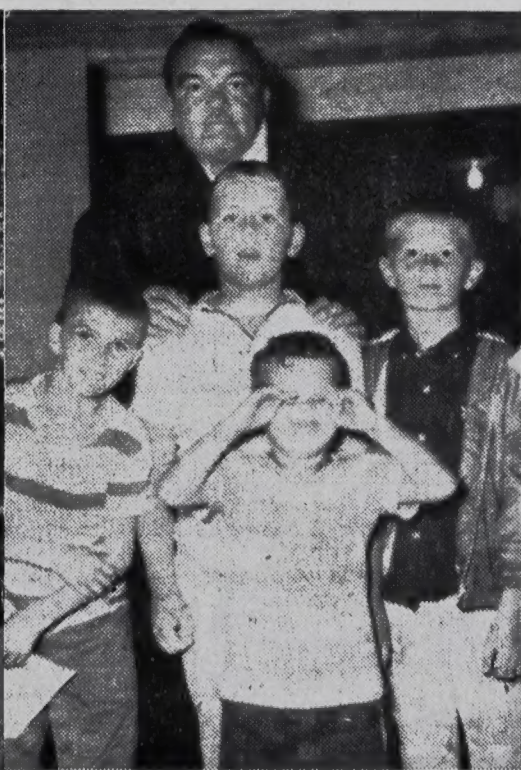

June Beeney, from Minden admires the biceps on midget wrestler, Little Brutus. Brutus was the villain on the wrestling card here a week ago. Floyd Hall our good insurance agent here in Minden, looks on. Floyd was June's body-guard, just in case Little Brutus started any funny business.

PHOTOGRAPHER SCRAMBLES

Pictured at left is Bob Austin, scrambling up the bank, looking over his shoulder at the 600 lb. wrestling bear, "Terrible Ted." The bear was in town for the wrestling match, and entertained quite a gathering of people at the bridge here in Minden. Bob Austin, owner of Rob-Mar Beauty Salon, took time out, to snap a couple of pictures of the bear in for a dip. However just when Bob focused in, the bear was too close for comfort.

Pictured at right is Whipper Billy Watson, and his admirers. L to R Ron Mercer, Scott Gartshore, of Minden and Jack Hill of Toronto. The Whip is pictured with his hands on the shoulders of Jeff Campbell, of Midnen.

MINDEN EVENS SERIES IN HALIBURTON

The Minden Merchants battling back from an 18 — 9 loss last Friday evening, played their best game of the season on Monday night in Haliburton, to defeat the Huskies 11 — 5 to tie their best of seven series at 2 games each and one tie.

A series of errors in the first inning by Haliburton gave Minden the confidence they needed to take this much needed win. Defensively Minden played probably their best game of the season, with Mike Jackson and Ron Brunk starring on the field. Offensively the Merchants played equally well, getting key hits from Al McMullen, Pud Hamilton, and Al Greir.

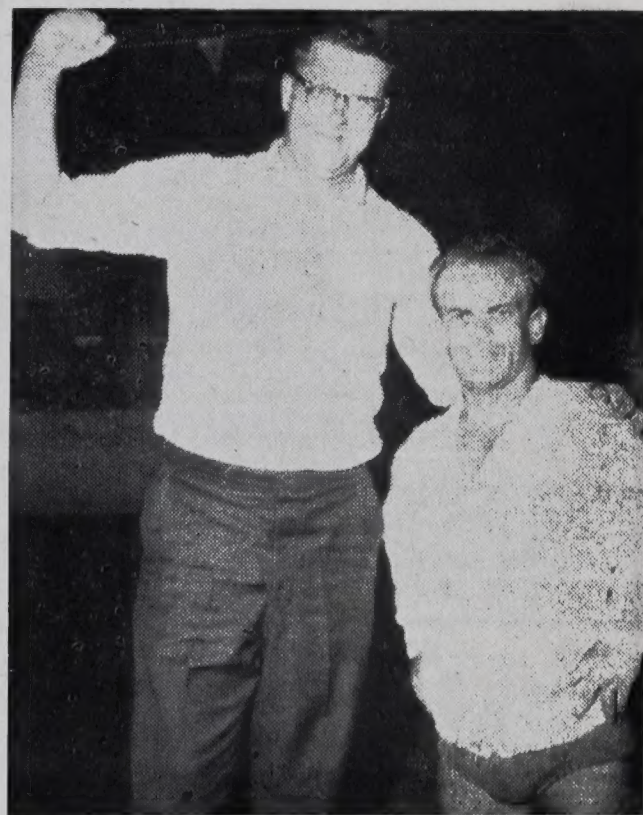

Pud Hamilton the starting pitcher for the Merchants appeared to have made the difference, as his strong showing produced the win. The loser was Gary McKnight.

Room For Thought !!

Why can't Minden have a night lighted ball park for next year? Is there a possibility that this community could enjoy a new ball park, or at least a re-constructed existing area. Of course there is, but the question that is most apparent is how urgent is this Park needed? Who would benefit from such an development and how much would it cost?

Next week we will have our opinion, and a few facts and figures.

Foot Notes: — Golfers don't forget the Beaverbrook Open Golf Invitation. Post entries will be accepted. What happened to the ladies ball team this summer? Reports indicate that the Hockey School in Haliburton was a tremendous success. Whats doing on the hockey front? The Intermediate hockey executive if there is going to be any, should be starting to roll.

WHICH ONE IS THE WRESTLER ?

At first glance one would have to say Don Gartshore is the mightier of the two, however, the little fellow is Cowboy Bradly the midget wrestler. Don shows victory sign, for he was in the Cowboys corner all the way.

HOCKEY PLAYER ESCAPES INJURY IN AREA CRASH

A former Lindsay hockey player, 19-year old George Babcock of 54 Glenelg Street West, and a 19 year old companion, Paul Bick of Oshawa, escaped injury when the car in which they were riding went out of control on Highway 35 at Miner's Bay and crashed early in the morning.

Babcock and Bick had apparently been visiting a team mate Bobby Orr of the Oshawa Generals, who is at the Haliburton hockey school, and were returning home when police said their car skidded on slippery pavement and rolled.

Damage in the crash was estimated at \$300.

Minden OPP Constable John Parsonage investigated.

In 1947 Rev. Vincent R. Browne was made Incumbent to the Parishes of Maple Lake, Boskung and Gelert. Shortly afterwards Minden took the place of Gelert. Their loss was our gain. Though living at the Rectory at Maple Lake, Mr. and Mrs. Browne made many friends in Minden.

From here he got the call to Albion N.Y. Several from Minden attended his Induction. The procession which included two Bishops was most impressive.

He comes to us Sunday, August 21 from Grace Church, Ridgway, Penn., where he is Priest in charge.

We do appreciate his coming such a distance to help in our Centennial Celebrations. We extend a very warm welcome to "Vince" and his family who are house guests of Mrs. J. M. Irwin.

FILM FUN AT C.N.E.

The National Film Board will be joined by the Canadian Centennial Commission this year at the Canadian National Exhibition in Toronto. The Film Gallery, annual residence of the NFB during the Exhibition, will take on a whole new look as the two hosts present something new in film entertainment.

The exhibit will be based on a Centennial theme and, fittingly enough, visitors will be invited to get into the Centennial Picture.

Five rooms of film entertainment vary from a wall full of projectors to an audience operated tic-tac-toe game which uses colour photos instead of X's and O's.

There's a Cinerubector, the most unusual instrument ever devised to show film and there's a hundred ways to look at hundred years.

The free theatre is always a popular feature at the Film Gallery and, again this year, the latest National Film Board productions will be presented twelve hours a day.

CAR WRECKED

An Iroquois man, Robert Hancock, escaped injury when his car rolled on Highway 121, 10 miles east of here on Saturday night.

Police said the Hancock vehicle was proceeding toward Haliburton when the driver lost control and the vehicle rolled. The car was totally wrecked.

OPP Constable Gene Whitney investigated.

Waterfowl Hunting 1965 Final Results

The Department of Lands and Forests report five field checks of hunting during the 1965 season gave figures of 1.6, 2.1, 0.7, 0.5 and 0.15 waterfowl bagged per hunter. The 774 duck wing specimens collected were mainly mallards (161), black ducks (160), blue winged teal (110), green-winged teal (94) ring-necked ducks (43) and wood ducks (37).

The ratio of immature birds per adult female was the lowest recorded in three years for the three major species. Green-winged teal ring-necked ducks and wood ducks all showed high ratios.

The low immature bird-adult female ratio supports the fact that fewer ducks were present than the previous year.

Poisonous Plants

The Department would also like

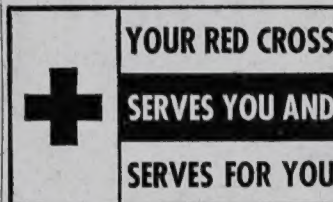

to warn people that many common plants in field and forest are poisonous and can cause serious illness and death. Children should be taught never to eat any plant or berry not commonly used as food.

ACCIDENT BLAMED ON DRIVERS INEXPERIENCE

An accident which resulted in \$200 damage near Haliburton Saturday night was blamed on inexperience.

Haliburton OPP said a 16 year old Toronto youth, John Zeller, was driving on the narrow Haliburton Lake Road when he met another vehicle and pulled his car too far to the right. Police said the youth has only held a licence two weeks.

The Zeller vehicle went off the road into some brush and crashed into a tree. No injuries resulted.
